Communications & Engagement

I'm Shining a Light on the **Communications & Engagement Team** who put on an amazing event - A Taste for Art. Endless hours were clearly spent ensuring that it was a successful event with every detail noticed. Thank you for sharing the great things about CFF with so many community members and giving them an opportunity to support us!

UNTIL NEXT TIME...WHERE WILL YOU SHINE A LIGHT?

Tim Wasilkowski & Facilities Team

The Communications & Engagement Team is Shining A Light on **Tim and the Facilities Team** for the integral part they played in the success of A Taste for Art! Tim and his Team came in to town the day before to transport furniture and supplies to the event space. They spent the entire next day helping with venue and artist set up! After the event they helped with event breakdown and transporting furniture and supplies back to CFF offices. We honestly could not do it without them...and cannot thank them enough!

I am Shining a Light on **Tim Wasilkowski and the Facilities Team** for their very prompt response to the 555 Wellness Team's request to add tables for outside eating during our lunch breaks! We can now eat lunch and get our daily dose of Vitamin D!
