AWARENESS

December is Universal Human Rights Month. This is a time for people around the world to join together and stand up for the rights of all individuals no matter their national origin, sex, gender, religion, age, language, or other status.

"All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood." This is the first article in the Universal Declaration of Human Rights.

This document was adopted by the United Nations on December 10, 1948, after the atrocities of the Second World War. This document was a landmark achievement, setting standards for human rights throughout the world. The entire month of December stands as a reminder to treat one another "in a spirit of brotherhood."
