

SHINE A LIGHT

CFF VALUES IN ACTION

February 14, 2024

We are pleased to re-launch the **SHINE A LIGHT** newsletter on a monthly basis! **SHINE A LIGHT** is where we see our CFF values in action. By intentionally sharing good news, achievements, and appreciation for one another, we help everyone feel seen, heard, and valued. The success of this newsletter depends on **YOU!** It will publish on the 2nd Wednesday of every month, content will be due the Friday prior. Please submit content for **March** by **Friday, March 8th** using the QR code included in this newsletter or posted in your building.

COLLABORATION

Facilities

Shine a Light on **Tim Wasilkowski and the Facilities Team!** In December, Tim Wasilkowski and his team (especially John and Colby) were integral to the success of the CFF Holiday Shop. They were tremendously patient and flexible in helping us collect and transport items to the Dover warehouse for the shop. Additionally, we would like to thank the Facilities Team for prepping the warehouse for the event itself.

Edgard Martinez & Janice VanSant

Shine a Light on **Edgar Martinez (EDI) and Janice VanSant (CACFP)**! <In January,> I was getting ready to head out in one of the agency vehicles. Since it had not been used since the snowstorm, it was still covered in several inches of snow. Edgar saw me from his office window and he and Janice came out to help me clean off the car. Janice was kind enough to get her giant snow scraper from her personal vehicle to make the job easier. One of the things I've always loved about working at C&FF is the camaraderie and teamwork that extends beyond our individual units.

COMPASSION

Beverly Passwaters & Sandra Korines

We all know the QE team would love for more clients to fill out the HAWD surveys. During a committee meeting, **Beverly Passwaters (HFD)** mentioned that she created small QR codes for her team to tape to their phones and have families scan to complete the survey, which was a great idea, and I'm so grateful she shared it! Then, **Sandra Korines (FC/A)** took the idea further and recommended creating stickers with the code, which have proven popular with other staff! Thanks to both of you for sharing ideas that can benefit everyone at CFF!

Sent by: Abby Fischer

Extra note: If you want a QR code sticker, send an email to Diane Taylor (diane.taylor@cffde.org) to get one of your very own!

ADAPTABILITY

HAWD Survey

Laurie Joseph & Juanita Hopkins

I am shining a light on **Laurie Joseph and Juanita Hopkins** for their continuous support of the Seaford Community of Hope, Healthy Community Dinner. Laurie and Juanita always make it a priority to come out and share information about **HFD** for families, and <recently> they were so sweet to my daughter. They asked her questions and listened intently to her stories. I was grateful to share a meal with them.
